

Customer Id	8901
Industry	Construction industry with a focus on building construction/structural engineering, reinforced concrete construction and/or bridge construction.
Location	South-West Germany
Staff	Approximately 10 to 30 employees and above, depending on the qualifications (workers, skilled workers, foremen, site managers and managing directors)
Company figures	Annual sales with a wide range of € 0.5 million - € 5.0 million
Purchase price	Company-dependent, relative to the potential of the company and its employees
Asset	Sufficient capital available for the purchase, as the purchaser is a large German cooperation
Additional informations	Looking for companies within the construction industry with a good potential of skilled workers. Companies with low earnings and / or business spin-offs in this sector are also of interest. The employees and the machinery are taken over. Customer connections are of no interest because own orders are sufficiently available. The acquisition is planned as an asset deal. We also like reorganization cases and companies with poor earnings.
